

# RockCreeke<sup>™</sup>

## Classic Carriage House Style

RockCreeke gives you time honored styling and wood appearance without the high maintenance associated with a wood door. Your RockCreeke door starts with a high quality insulated steel door and is overlayed with a highly engineered, long-lasting vinyl capstock material, duplicating the appearance of classic wood, without the hassles of wood. With Raynor's OptiFinish™ 2-tone paint process available, choices are almost endless, giving your home a perfect match with unsurpassed curb appeal. RockCreeke is the perfect balance between unrivaled beauty and enduring quality.

#### Insulation

Through our innovative process, insulation fills 100% of the door's interior space. The energy-saving polyurethane core delivers an exceptional 13.0 R-value.

#### **Thermal Protection**

Thermal protection is provided by a continuous thermal break, preventing heat loss and metal-to-metal contact between inside and outside surfaces.

#### **Profiles**

Available in Swing-Out and Accordion style with bi-fold, A-bucks, V-bucks, and X-bucks designs.

## RockCreeke™

Designed to provide unsurpassed character in a maintenance-free design, Raynor RockCreeke overlay doors feature an environmentally stable trim board material. With a long-lasting vinyl capstock, this trim board material has an attractive appearance that holds up over time. Best of all, the material technology can utilize "reclaimed" wood fiber and vinyl from post production processes, helping to save natural resources. And, with an R-value of 13.0, RockCreeke doors have durable 1-3/8" polyurethane insulated base door sections for thermal efficiency and maximum structural integrity.

- baked-on finish
- 2. epoxy primer
- 3. galvanized layer
- 4. high-strength steel
- 5. polyurethane insulation
- high-strength steel

RockCreeke, Swing-Out, White over Barn Red with 3 over 3 clear glass

#### Colors

#### **Standard Base Colors**

White

#### **Optional**

Raynor's OptiFinish paint process allows your RockCreeke door to be customized with more than 1,800 Sherwin-Williams® colors. Mix and match to achieve your perfect 2-tone door.

If overlay trim boards are painted, select a color with a Light Reflective Value (LRV) of 50 or higher for doors that receive direct sunlight (east, west or south facing). Refer to the Sherwin-Williams color chart for LRV.

## **Hardware Options**

#### **Interior Hardware**

For a clean, finished look and maximum protection against rust, RockCreeke doors are available with a powder coated hardware system. The EnduraCote™ Hardware System features extended-life torsion springs and powder coated hardware. Nylon rollers with steel ball bearings also help to provide superior noise reduction.

## Unsurpassed Character in a Maintenance-free Design

The material used in the decorative overlay trim boards is a revolutionary structural composite that blends the very best attributes of vinyl and wood. Its strength and durability have been field-proven in extreme weather and environmental conditions.

# Professional Installation and Service

## Depend on your Raynor Dealer

When you select Raynor, you're not just getting a superior garage door - you're also getting professional garage door installation and service expertise.

Every Raynor garage door is installed by a trained Raynor professional, and that means added benefits for you. First, you won't have to deal with it yourself. Second, because it's done right the first time, your door will deliver performance and reliability from the day it's installed. Your technician will check your door for everything from safety to performance and appearance. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.
