

Prodigy II™

WALL MOUNT GARAGE DOOR OPENER

Maximize Your Space

Raynor Prodigy II offers an exceptional solution for garages that don't allow for a traditional trolley operated garage door opener. The ultra-quiet, space-saving, wall-mounted jackshaft opener is ideal for applications with space limitations, as well as, situations with oversized doors or custom track configurations. Raynor Prodigy II mounts easily on the wall beside the garage door and comes with a remote light that can be positioned anywhere in the garage. The Prodigy II comes with a lifetime warranty on the motor and 5 year warranty for parts.

MyQ®

MyQ technology enables you to securely monitor and control your garage door opener with your smartphone, tablet or computer. Alerts can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door. The Internet Gateway is required to make your Prodigy II MyQ ready. MyQ mobile app is a free download requiring no annual activation fee.

Energy-efficient

Energy-efficient operation consumes up to 75% less power in standby mode.

Security+ 2.0™

Security+2.0 safeguards your household. With every click, a new code is sent to the garage door opener so the door opens only for you. PosiLock® locks down your door by electronically monitoring against a forced opening.

Safety, Security and Performance

Alert-2-Close

Warning system provides audible and visual warnings when the garage door is about to close when using MyQ technology or Timer-to-Close.

Motion Detector

Activates the garage door opener lights as soon as you walk in, so no more fumbling in the dark.

Ultra Quiet

Eliminates sound and vibration through the ceiling, perfect if you have a home with a room above or next to the garage.

Wall Mount Design

Frees the garage ceiling of hanging operators and rails which opens up the space for additional storage-ideal for cathedral or obstructed ceilings.

Standard Accessories

MyQ Control Panel (888 LG)

Enables your Prodigy II opener to be controlled by your smartphone, tablet or computer (when paired with the Internet Gateway) - provides the upgrade needed to utilize Security+2.0™ and MyQ technology.

3-Button Remote Control (893 RGX)

This powerful multi-door control can operate 3 garage doors or MyQ-enabled lighting accessories. Plus, multi-frequency Security+ 2.0 technology virtually eliminates interference. The Prodigy II comes standard with 1 remote. Additional remotes are available.

Remote Light (380 LM)

Light your space the way you want by placing this anywhere in the garage. Uses (2) 100 watt bulbs (not included). Additional Light units are available.

Optional Accessories

Internet Gateway MyQ® (828 LG)

Required to connect your MyQ-enabled garage door opener and accessories to the Internet. Internet Gateway MyQ allows you to monitor and operate your garage door opener, or turn on or off lights in or around your home, from anywhere in the world by using your smart-phone or computer. It utilizes a two-way communication system that puts freedom and control in your hands.

HomeLink® Compatible (855 LM)

The in-vehicle universal remote control. The HomeLink System may require the HomeLink Repeater Kit on some vehicle makes and models. Please contact your Raynor dealer for details.

Remote Light Control (825 LM)

Allows you to control any lamp with your garage door opener remote control or smartphone via the LiftMaster Internet Gateway.

Garage and Gate Monitor (829 LM)

Enables you to monitor and close up to four garage doors from any room in your house.

Battery Backup (475 LM)

Powers up even when the power is down so you can get in and out of your garage.

Visit your Raynor Dealer for additional options and accessories.
